I. OVERVIEW

The City of Kenmore, Washington (hereinafter “City”) is soliciting proposals from qualified firms (hereinafter “Proposing Firm(s)” or “Firm(s)”) to provide retirement plan administration, record keeping, education, communications, investment-related, and other related services for the Plans.

The primary goals for this Request for Proposal (hereinafter “RFP”) process include the following:

- Enhancing participant retirement outcomes;
- Analyzing the overall competitiveness of the Plan(s);
- Providing for the integrated administration and reporting for the Plan(s);
- Offering the most appropriate investment menu(s);
- Improving participant education and communication services;
- Providing robust on-line transaction and information capabilities;
- Providing support for as many administrative functions as deemed appropriate;
- Evaluating alternative pricing structures, including scenarios that consolidate plans to one record keeper;
- Reducing participant and Plan expenses;
- Providing for an orderly and timely transition of assets and services if necessary.

The City will potentially consider various revenue-generating investment menus. One is the traditional model where funds share revenue and plan costs are paid by the investment options. Another model is where the investment options do not share revenue and plan costs are paid through an explicit fee. Where revenue sharing investment options are the only alternative, the City may look to engage a model that provides for a more equitable distribution of that revenue to the participants that are actually invested in the funds that produced it. Several questions have been structured with these different types of models in mind.

The City also participates in the Washington State Public Employees’ Retirement System’s (PERS) defined benefit plan.

IV. PLAN INFORMATION AND BACKGROUND

The City is a public agency with 32 benefit eligible employees. Employees are paid bi-weekly through one centralized payroll system and payroll is run bi-weekly for a total of 26 pay periods. The City uses an internal system for payroll processing and to process its timesheets. All active City employees participate in the Washington State Public Employees’ Retirement System for full and permanent part-time employees. There is one location, and, in terms of employee outreach, it would be expected that a record keeper representative visit this worksite as part of their initial and ongoing participant education efforts. This last point is important to the City and participants; on-site participant representative(s) delivering education and other services in-person and are highly-valued.

The City currently uses the Washington State DRS 457 plan, ICMA Retirement Corporation (hereinafter “ICMA-RC”) and Nationwide Retirement Services (hereinafter “Nationwide”) to provide basic administration, enrollment, participant communication and education, investment management and record keeping services. As of September 30, 2017, there was approximately \$4,838,227 total in the Plans (\$441,789 in the Washington State 457 plan, \$1,279,367 in the ICMA-RC 457 Deferred Compensation Plan; \$60,177 in the Nationwide 457 Deferred Compensation Plan; and \$3,056,895 in the Nationwide 401(a) Defined Contribution Plan). Both City contributions and participant contributions are included in the figures below under “Total Deferrals.” Below are 4 tables; one for each plan with data as of September 30th, 2017. Note that “Active Accounts” means currently contributing.

WITHDRAWAL OR EARLY TERMINATION PROVISIONS

The advance put-notice was delivered to ICMA-RC on June 23, 2017.

ICMA-RC VT PLUS FUND

In the event an Employer initiates withdrawal of all or part of its Plans assets from the PLUS Fund, ICMA-RC has full discretion to defer the payout of such assets for a period of up to twelve months from date of receipt of such written notice. In the case of a total withdrawal, participant transfers of PLUS Fund assets to other investment options may be restricted and participants may not be able to make additional investments in the PLUS Fund during this twelve-month period.

ICMA-RC will implement investment option changes upon the request of the Plan sponsor or designated agent. Such changes are subject to ICMA-RC review. Inquiries are to be forwarded to FundLineupServices@icmarc.org

NATIONWIDE GUARANTEED FUND

If the City terminates the Nationwide Guaranteed Fund contract and withdraws its assets in a lump sum, a Market Value Adjustment (MVA) may apply. The MVA is the amount that Nationwide Life Insurance Company (NLIC), an affiliate, determines would be the net capital loss, if any, resulting to NLIC if investments were liquidated to satisfy the lump sum withdrawal. The MVA would be calculated using NLIC's current procedures applicable to all contracts of this type and class at the time of withdrawal. If the City withdraws its assets over a 60 – month period (5 – years) instead of in a lump sum, the MVA would not apply. There are no fees associated with early withdrawal at the participant level.

PLAN LOANS

The City currently allows for both general purpose and principal residence loans for the Nationwide 401(a) Plan only. Participants may take 1 loan at a time with a minimum loan amount of \$1,000. The current interest rate for loan repayments is set as prime rate + 2%. There are currently three outstanding loans as of September 30, 2017 in the amount of \$30,906.82.

V. EVALUATION PROCEDURES AND CRITERIA

The City, with the assistance of its Consultant, will review all proposals and evaluate all responses received in good order. Clarifications and/or additional information may be requested from Proposing Firms if needed for evaluation purposes. A selection may be made based on this RFP evaluation criteria alone or any combination of the Questionnaire evaluation criteria, references, and/or interviews. The City is under no obligation to accept the lowest-priced and/or the highest-scored proposal and reserves the right to further negotiate services and costs any time prior to the execution of any contract. The City may also request changes to products, service models and/or pricing during this process.

CRITERIA

The City and its Consultant will focus on the primary goals of this RFP and use the seven distinct sections listed within the Questionnaire portion of this document. In weighing these seven sections (see below), the City may come up with a list of Firms that will make it to the next level.

EVALUATION

The City will use the following matrix in its evaluation of responsive proposals:

Firm Strength, Experience and Qualifications
Record Keeping, Custody and Systems Technology
Participant Education, Communications, Counseling and Investment Advice Services
Plan Sponsor Services
Investment Flexibility
Transition
Fee Structure

INTERVIEWS

The City may require interviews with a select list of Proposing Firms. If interviews are held, they will take place at the City's offices, located at 18120 68th Avenue NE, Kenmore, WA 98028 and are tentatively scheduled for the week of May 7th, 2018. Failure to participate in the interview process may result in a Proposing Firm's disqualification from further consideration. The City may also select the apparent successful Proposing Firm without conducting interviews.

REFERENCES

The City may also check the references of all Proposing Firms. References may be used to validate finalist Proposing Firm's abilities to provide the required services.

NOTICE OF RECOMMENDED AWARD

The City will select the Proposing Firm deemed to be most beneficial to the Plan(s) and participants based on the overall evaluation of the proposals (written proposal response, references and/or interviews). Final award will depend upon the negotiation and execution of an acceptable contract (which may be withdrawn by the City at any time prior to execution of the contract by the City Council) and is subject to approval. The selected Proposing Firm and all other persons who submitted proposals will be notified of the selection when appropriate.

ACTION UPON FAILURE TO EXECUTE A CONTRACT

In the event that a contract cannot be negotiated with the highest ranked Proposing Firm(s), negotiations will be discontinued and the City will start contract negotiations with the next highest ranked Proposing Firm. Nothing in this RFP shall restrict or prohibit the City from canceling the solicitation at any time.

VI. QUESTIONNAIRE

Responses are to be kept clear and concise. Questions that are marked with a (Yes/No) response require an explanation only if requested. If no explanation is requested, these questions will be recorded as a Yes/No response, and no consideration will be given to an explanation. For questions that do request an explanation, please be **succinct** in your response and limit any description to the primary and most important aspects related to the specific question/request.

In some cases, the questions will include a table that requires completion. Proposing Firms may create their own table that replicates the table in the RFP, though it should not take up any more space in the RFP response than the sample table. Reprint each question/request such that it precedes your written response. For the items that request responses to multiple questions, separately space or separately bullet the responses to each question. There are also questions in the RFP Questionnaire that require a description and/or samples to be provided in a separate Proposing Firm Exhibit Folder. Please pay particular attention to these questions and provide the requested information in a separate Exhibit Folder accordingly.

All responses should assume all assets and all participant accounts will be serviced by the Proposing Firm (taking into account any liquidity restrictions mentioned in the Early Withdrawal or Termination Provisions section above).

- G26. Will you agree to provide reports to the Plan Sponsor that detail all service performance benchmarks and whether or not they are being met? (Yes/No) If yes, how frequently are the reports available?
- G27. As it pertains to the performance guarantees referenced above, have you ever had to make payments to any clients for failure to perform on these types of guarantees? (Yes/No) If yes, please state how many times over the last three (3) years such payments have been made.

Revenue Share

- G28. If the final investment line-up selected were to generate some amount of revenue sharing, will you rebate any and all revenue above the contracted amount? (Yes/No) If yes, when or how frequently would this rebate occur?
- G29. If the Plan Sponsor desires to assess participants a Plan Sponsor-imposed asset-based fee to offset Plan administration-related expenses, will your Firm assess this fee on behalf of the Plan Sponsor and return those collected fees to the Plan(s) as they are collected? (Yes/No) If yes, briefly describe, addressing the frequency of the fee and how it would be calculated and assessed.
- G30. If the response to **Question G29** is yes, what are the Plan Sponsor's options in terms of the setup of the account to hold such assets, and in what type of vehicles may the assets be invested? Does this investment option have to be on the core menu? (Yes/No)
- G31. Will your Firm hold onto this in a separate account? (Yes/No) If yes, briefly describe how the Plan Sponsor would access the assets held in this account?
- G32. If your firm is able to return excess revenue to the Plan(s), can the Plan Sponsor receive a regular payment? (Yes/No) If yes, describe the frequency(ies).
- G33. As it relates to the Plan Sponsor's administrative fee described in **Question G29**, will your Firm, if directed, apply a hard dollar annual per participant fee cap? (Yes/No)

For example: The plan sponsor may wish to assess participants a plan administration fee of 0.10% of assets, but only to a maximum of \$150 per year. (Participant with over \$150,000 in assets would pay a maximum of \$150 and the 0.10% would not be applied to balances greater than \$150,000.)

- G34. Will your Firm, if directed, credit revenue share from the investment providers towards offsetting any per-participant plan administration fee? (Yes/No)
- G35. Will your Firm, if directed, return revenue share from investment providers in a pro-rata fashion directly back to the participants who had invested in those funds each quarter, if so directed by the Plan Sponsor? (Yes/No) If yes, please briefly describe.

For example: Participant A invests in Fund A and Fund B. Fund A generates 0.25% in revenue share annually and Fund B generates 0.15% annually. Participant A holds 0.5% of the Plan's total investment in Fund A and 0.5% of the Plan's total investment in Fund B. Each quarter 0.5% of the revenue received or credited from Fund A would be reimbursed into Participant A's account and 0.5% of revenue from Fund B would be reimbursed into Participant A's account. Other participants with different proportionate shares of the Plan's total investments in Fund A and Fund B would receive different reimbursements in accordance with their proportional share of those funds.

G36. Will your Firm apply different revenue share rebate credits and/or administrative fee offsets at the participant level as applicable to each fund? (Yes/No) If yes, please briefly describe.

For example: A participant invests in Fund A , Fund B and Fund C. Fund A generates 0.25% in revenue share annually, Fund B generates 0.10% annually and Fund C generates no revenue sharing. The plan sponsor has elected to assess all participants a 0.10% administrative fee annually that can be partially or fully offset by any fund revenue sharing. Accordingly, participant assets that are invested in Fund A that shares 0.25% would receive an account credit of 0.15% based on the assets in Fund A; participants in Fund B would receive no credit and no applicable administrative charge assessed to the assets in Fund B; and participants in Fund C would be charged the full 0.10% on the assets invested in Fund C.

G37. As a requirement to contract with the Plan Sponsor, will you commit in writing to specifically disclosing all revenues received from the investment options and services you offer to the Plan Sponsor? (Yes/No)

G1. Is your Firm able to implement a hybrid model where fees are collected on both a per-head fee and an asset-based fee? (Yes/No)

G2. Is your Firm able to implement a minimum fee cap where smaller accounts do not pay an additional administrative tack-on fee? (Yes/No)

G3. Is your Firm able to implement a maximum fee cap where larger accounts do not pay an additional administrative tack-on fee once they hit a breakpoint? (Yes/No)
