

City of Kenmore Completed Project

Project Name: 2014 Juanita Dr. Curb Ramp Project
Project No. Txx-0176

Project Location: 68th Ave and NE 170th St
Juanita Dr and NE 153rd St

Project Completed: 2014

Project Cost: \$250K (HSIP Funds)

Project Description: This project included construction of pedestrian and signal improvements at the intersections of 68th Avenue NE & NE 170th Street and Juanita Drive & NE 153rd Street including new pedestrian curb ramps; replacement of pedestrian island; retro-reflectorizing existing traffic signal head backplates; construction of cement concrete sidewalks, curb ramps, and curb and gutter; and installation of pedestrian push buttons.

Background: The City applied for federal Highway Safety Improvement Program funds early in 2012 and was awarded the grant.
