Rain Barrel, Compost/Worm Bin Sale

Saturday - May 13, 2023 at 9 am

All items \$25 each. **Cash only.** While supplies last. No pre or post event sales.

To encourage the use of recycled content material and more efficient use of water, the City is offering discounted recycled plastic rain barrels. In addition, start backyard composting with a compost bin to save resources and money. Composting is a natural process that turns yard waste into rich soil. Once the material decomposes, rich soil is all that's left. Worm bin composting is an efficient way to convert kitchen scraps into nutrient-rich compost for your garden. Simple to assemble and can be stored inside or out.

Please provide exact change for user fees.

Please Note:

No flat beds or dump trucks allowed. We reserve the right to refuse oversized, commercial, contaminated, excessive or unacceptable loads.
